PRINT ME!

Introduction

Every October, artists all over the world take a drawing challenge by doing one ink drawing a day the entire month following a list of keywords. Then, daily, they post it with a common hashtag on social network. This October 2017, I decided to challenge myself and join it. This document gather the thirty one artworks I did during the month of October using only pen and ink on paper.

Unfortunately, the name of this challenge is nowadays a **trademark** for commercial reason. The name is used as a brand to sell tools, tee-shirt, etc... and this prevent me to reuse the name here (because of my open license).

But let's go back to the content of this book: this collection is a **present** to all the one who encouraged me daily during October on the social network.

Thank you for your comments and feedback during this October 2017!

All the **sources** of this artworks (raw scanner without corrections) and work-in-progress photos can be found on the official website www.peppercarrot.com, in the category "Sources" and submenu "Inks". The artwork here were scanned at hi-resolution with black and white cleaned ; optimal for printing (even with a home printer).

You are encouraged to reuse, print, share, sell, colorize all this artworks!
